

KYB TECHNICAL TIP # 2002-05

DATED: September 18, 2002

TITLE: Strut & Shock Coilover kits

QUESTION / PROBLEM:

Can KYB struts and shocks be used with an aftermarket coilover lowering spring kit? Will my KYB parts still be under a lifetime warranty if I use a coilover spring kit on my car?

ANSWER / RESPONSE:

KYB does not recommend the use of any Aftermarket coilover spring kit with KYB products. These kits tend to damage shocks due to excessive lowering, lack of a protective dustcover, and incorrect spring rates (most cases). Use of these kits will void the KYB Lifetime warranty. Below is a kit example
